Impact resistance
(USA standard)

Features

- > Helmet for electric arc welding with self-obscuring screen
- > Can be used for MIG, MAG, TIG and plasma welding requiring 9 to 13 shade protection
- > Can be used in shade 5 to 9 for low intensity or flame welding
- > Can be used for grinding in shade 4
- > Polyamide
- > LCD lens
- > High performance optical class, less visual fatigue
- > Field of view 100 x 67mm for guaranteed maximum visual comfort
- > 4 independent sensors for increased product reactivity in all positions and confined spaces
- > Settings: sensitivity, hue selection, switching & time, guaranteeing user comfort for all types of welding
- > Grinding/soldering mode
- > Easily replaceable exterior protection screen
- > Increased longevity with replaceable batteries (CR2032) + Low battery indicator

Available in colors:

Black *BL

Sizing: Adjustable
